### DGFASLI और RLI KOLKATA के बारे में

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. Regional Labour Institute (RLI) at Kolkata is a subordinate office under the DGFASLI and caters to occupational safety and health in factories located in Eastern Regions.

### पाठ्यक्रम के बारे में

Process Safety Management (PSM) training is a structured program designed to prevent major industrial accidents such as fires, explosions, and toxic releases. It focuses on managing hazards associated with highly hazardous chemicals and complex industrial processes. Effective PSM training builds knowledge, skills, and a safety-oriented mindset among employees at all organizational levels.

Training on Process Safety Management is essential for industries dealing with hazardous processes. It not only helps in preventing major accidents but also enhances overall safety

performance. Continuous learning, regular refresher training, and strong management support are key to the success of any PSM program.

### उद्देश्य

The objective of training is to equip employees, supervisors, and management with the knowledge, skills, and awareness needed to prevent major industrial accidents—especially those involving hazardous chemicals and processes and the various Legislative requirements such as the Factories Act, 1948 and the state Factories Rules, Environment (Protection) Act, 1986 and Rules made there under and other applicable Statutes.
