

DIRECTORATE GENERAL FACTORY ADVICE SERVICE AND LABOUR INSTITUTES

Ministry of Labour and Employment, Government of India

Training Program on “Identification, Evaluation and Control of Hazards in Industry” 22nd to 24th January, 2024

DGFASLI & RLI Chennai

The Directorate General Factory Advice Service and Labour Institutes (DGFASLI), Mumbai is an attached office of the Ministry of Labour and Employment, Government of India to serve as a technical arm to assist the Ministry in formulating National Policies on Occupational Safety and Health and to advise the State Governments and Factories on matters concerning Safety, Health, Efficiency and well being of persons at work. It also enforces safety and health statutes in major Ports of the country.

The Regional Labour Institute, Chennai, one of the Sub-ordinate Offices of DGFASLI, has been rendering technical assistance and services in the field of Occupational Health, Safety and Environment in the Southern Region. RLI Chennai also organizes training programs, conduct courses on OSH.

Program Background

Various kinds of hazards prevail at workplace leads to Accidents, injuries, ill health and occupational diseases among workers. The Identification, Evaluation and Control of these hazards are very much important to Management / Executives / Engineers / Supervisors, Safety Officers. Rapid industrialization contributes to increase in hazards and occupational illnesses near future. To overcome these issues, implementation of the best evaluation practices are requires understanding of Industrial Hygiene, at industrial workplace, ports and construction work. The Second Schedule of the Factories Act, 1948 mandate compliance to permissible limits of exposure (PLE) of certain chemicals and Physical hazards in the work place Environment. This calls for identification, evaluation and control of this workplace Environment and hazards mandatorily on the part of the Management in order to keep the hazards within control. The objective of this program is to make aware participants over theoretical and practical aspects on Industrial hazards their evaluation and control management.
