Training Program on
“Monitoring and Control Of Physical
Hazards in Industries
(20th to 22nd, MAY,2024)

DGFASLI & CLI MUMBAI

The Directorate General Factory Advice Service and Labour Institutes (DGFASLI), Mumbai is an attached office of the Ministry of Labour and Employment, Government of India to serve as a technical arm to assist the Ministry in formulating National Policies on Occupational Safety and Health and to advise the State Governments and Factories on matters concerning Safety, Health, Efficiency and well being of persons at work. It also enforces safety and health statutes in major Ports of the country.

The Central Labour Institute, Mumbai, one of the Oldest Institutes of DGFASLI, has been rendering technical assistance and services in the field of Occupational Health, Safety and Environment. CLI Mumbai also organizes training programs, conduct courses on OSH.

ABOUT THE PROGRAM

Hazards and risk of accidents are always a threat in chemical as well as in engineering industries due to complex processes and inefficient controls that would allow the hazards in working environment and surrounding locality. The employer and employee should know to manage work environmental hazards in industries to reduce its exposure. It is expected from the industrial management to provide adequate arrangements for their assessment. Therefore Work Environment Engineering division of Central Labour Institute is conducting three days offline training programme .The objective of the training program is to create awareness among the participants about the physical hazards for its monitoring and control in the workplace.

OBJECTIVE

The objective of this program is to make aware participants over theoretical and practical aspects on Monitoring and control of physical hazards, its applications as tool in OSHE management and Hazard assessment at industrial workplace.
