The Central Labour Institute, Mumbai, one of the oldest Institute of DGFASLI, has been rendering technical assistance and services in the field of Occupational Health, Safety and Environment. CLI Mumbai also organizes training programs, conduct courses on OSH.

### ABOUT THE PROGRAM

Industrial workers in their day-to-day work are exposed to various kinds of health hazards at workplace. Occupational diseases resulted due to workers exposure to chemical hazards (viz., toxic gases, fumes, vapours, dusts, fibers etc) and physical hazards (Noise, Heat etc.) Rapid industrialization and recent advances in technology many times brings out unknown hazards, due unawareness these lead to exposure and occupational illnesses among employees at industrial workplaces. To overcome these hazards & there related issues, Selection, Maintenance and use of PPEs as last level in hierarchy of control the hazards.

in industries and workplace is essential. In Industrial hygiene, Anticipation and recognition of the workplace hazard form a basis for further evaluating such hazards through WEM and later their control. Several provisions in the Factories Act, 1948 mandate compliance are made about the Use, Selection and Maintenance of PPEs in industries.
