**Safety Health & Work Environment
Management in Industry
From 23rd to 25th April 2024**

About the Institute

The Central Labour Institute (CLI), Mumbai was conceived by the Government of India during the first five year plan as a centre for research, training and consultancy on the various aspects of industries related to the human factor in occupational health and safety.

About the Programme

In today's dynamic industrial landscape, prioritizing safety, health, and a favourable work environment is of paramount importance. Every organization must uphold robust protocols to ensure the well-being of its workforce while maintaining operational efficiency. Hence, Safety Health and Work Environment Management to reduce Injuries and Accidents at work place is need of the hour. Studies on workers' participation in India have revealed that the goal of industrial democracy depends on the extent of workers' participation and consultation. It calls employees/workers to possess sound knowledge and skill for the effective participation and consultation. Along with that, employees/workers are required to develop competency to identify and solve the problems related to Safety, Health and Environment.
