**Training programme on “Safety in
Hand and Power tools” (9th May,
2024)**

ABOUT THE COURSE

Tools are such a common part of our lives and it is difficult to remember that they may pose hazards. Tragically, a serious incident can occur before steps are taken to identify and avoid or eliminate tool-related hazards.

This program is designed to present to employees and employers a summary of the hazards, basic safety procedures & safeguards associated with hand and power tools.

Employees should be trained in the proper use of all tools and recognize the hazards associated with the different types of tools and their associated necessary safety precautions. By establishing a program on hazards & safety associated to hand and power tools, you can help avoid injuries to your workers, costly damages.

OBJECTIVE

The objective of this Training programme is to elaborate the concept of safety in Hand and power tools. This programme aims to facilitate the delegates regarding use of Hand and power tools safely in industry.
