Training Program on
“Heat Stress at Workplace –
Assessment & Remedial Measures”
(3rd -5th July, 2024)

DGFASLI & RLI CHENNAI

The Directorate General Factory Advice Service and Labour Institutes (DGFASLI), Mumbai is an attached office of the Ministry of Labour and Employment, Government of India to serve as a technical arm to assist the Ministry in formulating National Policies on Occupational Safety and Health and to advise the State Governments and Factories on matters concerning Safety, Health, Efficiency and wellbeing of persons at work. It also enforces safety and health statutes in major Ports of the country.

The Regional Labour Institute, Faridabad, one of the Sub-ordinate Offices of DGFASLI, has been rendering technical assistance and services in the field of Occupational Health, Safety and Environment in the Northern Region. RLI Faridabad also organizes training programs, conduct courses on OSH.

ABOUT THE PROGRAM

In the era of global warming, ambient environmental condition specially changes in workplace atmospheric temperature and its exposure to workers leading occupational illnesses and emergencies. In industrial establishments, construction sector and in Docs work, most of

workers vulnerable to expose to heat stress condition due to their day-to-day involvement in work apart of simultaneous exposure to other health hazards.

Prolong exposure to heat stress condition create stresses, discomfort, impact productivity, safety and well-being of the workers. Awareness about Heat stress at workplace, Heat exposure assessment and their control measures are essential to mitigate risk associated with it. To overcome workplace heat stress issue, implementation of best OSH practices with common understanding of Industrial Hygiene, Health & Safety at industrial workplace is essential. Several provisions toward providing safe and healthful working conditions and compliance are mandated in industrial workplace under the The Factories Act-1948, BOCW Act-1996 for construction sectors in India.

OBJECTIVE

The objective of this program is to make aware participants over regulations, theoretical and practical aspects on heat stress assessment and mitigation at workplaces in construction, factory and docks etc.
