MINISTRY OF LABOUR & EMPLOYMENT
REGIONAL LABOUR INSTITUTE,
KOLKATA
(INDUSTRIAL SAFETY DIVISION)

Training programme on
“Safety of Pressure Vessel”
(19th -21st November, 2024)

ABOUT THE COURSE

Pressure vessels are widely used in chemical and petroleum industries, for generation of steam and for storage and conveyance of compressed and liquefied gases. Potential health and safety hazards of leaking vessels include poisonings, suffocations, fires, and explosion hazards. The safe design, installation, operation, and maintenance of pressure vessels in accordance with the appropriate codes and standards are essential to worker’s safety and health. Therefore, Regional Labour Institute, Kolkata under DGFASLI is conducting three days training program on “Safety of Pressure Vessel” for the intended participants to cater to the need of process industries.

This programme is primarily designed for Middle Management, Executives, Engineers, Supervisors, Safety Officers, any officer & official managing safety at workplace and further, anyone interested in the above training programme may also join.

OBJECTIVE

The objective of this training programme is to elaborate on the safety and health hazards in operation and maintenance of pressure vessels and preventive measures to be taken during design, manufacture, and operation stages in order to avoid accidents.

COURSE HIGHLIGHT

- National Policy on Safety, Health & Environment at Work Place.
- Safety provisions for pressure vessel under various statutes.
- Safety and Health Hazards in operation and maintenance of pressure vessel.
- Hazards control measures for pressure vessel.
- Accident Investigation & Analysis.
- Case Studies
