"औद्योगिक स्वच्छता के सिद्धांत" पर प्रशिक्षण कार्यक्रम  
(15 - 17 अप्रैल, 2025)  
**Training Program on "Principles of Industrial  
Hygiene" (15<sup>th</sup> - 17<sup>th</sup> April, 2025)**

**डीजीएफएसएलआई और सीएलआई मुंबई के बारे में**

**ABOUT DGFASLI and CLI Mumbai:**

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health (OSH) in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well-being of the persons at workplaces. CLI is also a subordinate office under DGFASLI to provide technical support/inputs for OSH advisory services.

**पाठ्यक्रम के बारे में ABOUT THE COURSE:**

Rapid changes and advancements made in the recent decades in science and technology have made work environment a subject of great concerns in industries and other work places particularly in relation to Occupational Safety, Health and Working Conditions. Daily new chemicals are being introduced and new processes are being handled to keep the pace with updated technology. The situation has made industrial working conditions so complicated which were not seen before. Occupational and Environmental Hygiene professionals must be aware of the changes likely to take place and develop strategies to assure the profession's full participation in protecting the health and safety of the workers and the working environment of tomorrow. The programme aims at imparting knowledge on Occupational Hygiene practices to improve the working conditions from Hazards in Industries, Ports, Docks and Construction Industries.

**उद्देश्य OBJECTIVE:** Keeping in view, an updated training programme has been framed by this institute, a premier Organization of Govt. Of India in the field of Occupational Safety and Health to propagate the knowledge and techniques to Industrial personnel in the areas of

recognition, evaluation and control as well as case studies of their own work environment under this above mentioned training programme. This is an excellent opportunity to update knowledge in the area of monitoring and control of exposure from work environmental hazards and pollutants and to take adequate action to protection from possible occupational disease and hazards as encountered in present work floor. This training programme will be conducted through theoretical session along with practical demonstrations with films and audio visual aids.

**पाठ्यक्रम की मुख्य बातें COURSE HIGHLIGHT:**

- Principles and Practice of Occupational Hygiene and its importance at work places
- Statutory Provisions of Workplace monitoring in the Factory Act, 1948 and OSH & WC Code, 2020.
- Humanizing work places design and work environment study; sampling, analysis etc and its statutory requirement.
- Case Studies/ Industrial Hygiene Study/Survey and its applications and implementation for worker's health risk Assessment.
