Training Programme on Management of Heat stress and Ventilation in Industries ' (18th July, 2025)

पाठ्यक्रम के बारे में

Hazards and risk of accidents are always a threat in industries due to complex processes and inefficient controls that would allow the Heat stress as a physical hazard in working environment and surrounding locality. The employer and employee should know the Identification, evaluation & control of hazards to reduce the exposure. It is expected from the industrial management to ensure adequate ventilation and their assessment. Therefore, Central Labour Institute, DGFASLI, Mumbai is conducting one day offline training programme. The objective of the training program is to create awareness among the participants about the Management of Heat stress and Ventilation at the workplace.

उद्देश्य

The objective of this training program is to provide comprehensive information and to make them expert about Management of Heat stress and ventilation in the workplace.

पाठ्यक्रम की मुख्य बातें

- Participants will be able to understand,
- National Policy on SHE at workplace and legal requirements
- Demonstration of Heat stress and Ventilation
- Heat stress Disorders
- Hierarchy of Control
