Training Programme on Management of Chemical Hazards at Workplaces ' (19th to 21st August, 2025)

पाठ्यक्रम के बारे में

Hazards and risk of accidents are always a threat in industries due to complex processes and inefficient controls that would allow the chemicals and physical hazards in working environment and surrounding locality. The employer and employee should know the Management of chemical hazards to reduce the exposure. It is expected from the industrial management to provide adequate arrangements for their assessment. Therefore, Central Labour Institute, DGFASLI, Mumbai is conducting three days offline training programme. The objective of the training program is to create awareness among the participants about the Management of chemical hazards at the workplaces.

उद्देश्य

The objective of this training program is to 'Enrich the competency (i.e. knowledge and skills) on employee's participation about Management of Chemical hazards at workplaces.
