CENTRAL LABOUR INSTITUTE, MUMBAI
ISO 9001:2015 CERTIFIED INSTITUTE
(INDUSTRIAL SAFETY DIVISION)

3- Days Training programme on
**“Competent Persons recognized for the
purpose of carrying out tests, examination
and inspections of lifting machines, chains,
ropes and lifting tackles under the provisions
of the Factories Act, 1948”**
(4th August 2025 to 6th August 2025)

About DGFASLI:

DGFASLI is an attached Office of the Government of India, Ministry of Labour & Employment and serves as a technical arm to assist the Ministry in formulating National policies on occupational safety and health in factories and docks. The Industrial Safety division aims at achieving improvement in working conditions and safety standards of factories and docks through training, consultancy, field studies, surveys and other promotional activities. It has contributed to the following achievements: Evolution of a safety movement in the country. Creation of national awareness on safety. Development of infrastructure on safety at national level through competence building. Better administration of the Factories Act through training of Inspectors of Factories and technical support.

About the Course:

The Competent Persons are recognized by respective CIFs/DISH of States/UTs for the purposes of carrying out tests, examinations and inspections of lifting machines, chain, ropes and lifting tackles under the provisions of the Factories Act, 1948 and the Rules framed thereunder. For ensuring comprehensive safety of the mechanical equipments and the operators/workers, the tests, examinations and

inspections can be conducted with enhanced knowledge, information, training, re-training and sharing of experiences, the national and international best practices and systems and procedures those can be adopted. Hence, DGFASLI, Mumbai has designed training programme especially for Competent Persons recognized under Section-29 of the Factories Act, 1948 to facilitate knowledge enhancement and upward development and equipping them with right skill sets in testing, examination and inspection for enhancing Safe operations of mechanical equipments and safety of operators/workers.

Objective:

The programme is designed to achieve the following:
To further develop the understanding and technical know-how on the subject matter. This training will equip competent persons with right skills, techniques to carry-out their task more effectively.

Course Highlights

- ✓ National Policy on Safety, Health & Environment at Workplace,
- ✓ Relevant Statutory Provisions,
- ✓ Introduction to relevant BIS Standards pertaining to lifting appliances and loose gears,
- ✓ Lifting appliances: construction, types, testing and examination procedures,
- ✓ Loose Gears: Heat treatment, Testing and periodical examination of loose gears, wire ropes etc.
- ✓ Testing facilities, Test certificates, register for periodical test.
- ✓ Safety while conducting examination and testing; Ethics training for Competent Persons
- ✓ Duties and responsibilities of Competent Persons.

Faculty

The sessions will be engaged and delivered by faculties from DGFASLI/CLI, industries and subject experts.
