**Training Programme on
"Monitoring and Control of Physical
hazards in Industries"
(24 to 26 Sept, 2025)**

पाठ्यक्रम के बारे में

Hazards and risk of accidents are always a threat in chemical as well as in engineering industries due to complex processes and inefficient controls that would allow the hazards in working environment and surrounding locality. The employer and employee should know to monitor physical hazards in industries to reduce its exposure. It is expected from the industrial management to provide adequate arrangements for their assessment. Therefore Work Environment Engineering division of Central Labour Institute is conducting three days offline training programme.
