‘निर्माण सुरक्षा प्रबंधन’ पर प्रशिक्षण

कार्यक्रम

**Training Programme on
‘Construction Safety Management’
(11th to 13th February, 2026)**

पाठ्यक्रम के बारे में

No worker should sacrifice his or her life/health for livelihood. Occupational health, hygiene and safety practices in the construction industries are of utmost importance for sustainable development. Occupational Safety and health is vital for ensuring workplace well-being. Also, government has recognized safe and healthy working environment as fundamental human right.

This training program focuses on employee's participation in the field of OSH, providing participants with essential skills in use of management tools and techniques for construction sites. The program aims to empower participants to contribute meaningfully to the improvement of OSH outcomes and the development of effective workplace safety strategies. Therefore, Regional Labour Institute Shillong under DGFASLI Mumbai is providing a training platform for Intended participants.

उद्देश्य

The objective of this training is to 'Enrich the competency (i.e. knowledge and skills) of the key stake holders on various aspects of SHE management at construction site.

पाठ्यक्रम की मुख्य बातें

Participants will be able to understand,

- Concept & principles of Construction Safety Management (CSM).
- Tools and System for effective design & implementation of CSM.
