One day Specialized Training Programme on
“Management of Heat Stress and Ventilation in Industries”
14th March, 2024

About DGFASLI & Central Labour Institute-Mumbai

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well-being of the persons at work places.

Central Labour Institute, Mumbai is one of the oldest institutes in India under DGFASLI, Govt. of India, for teaching, training and consultancy in the field of occupational safety and health.

Background

Excessive exposure to a hot environment can bring about a variety of heat-related health problems and illnesses. The employer and employee should recognize safety and health hazards of working in high heat, factors that increase the risk, and signs and symptoms of heat-related illness. First aid and preventive measures will decrease the morbidity and mortality due to it. It is expected from the industrial management to provide adequate arrangements for their evaluation and control. Therefore, Work Environment Engineering Division of Central Labour Institute, DGFASLI, Mumbai is providing offline training platform for Intended participants to learn the evaluation and management of heat stress hazards in industries.

Programme Highlights

- ❖ Overview of Management of Heat stress and Ventilation in industries
- ❖ Industrial Ventilation.
- ❖ Health Hazards due to Heat stress.
- ❖ National policy on OSH at workplace
- ❖ Evaluation and control of Heat stress and ventilation

Participants

This programme is designed for Safety Officer, Supervisor, Manager and Safety professionals responsible for management of work place environment. Only 50 participants will be accepted on 'first come first serve basis' to ensure quality learning.
