“Management of Noise and Vibration in Industries”  
22<sup>nd</sup> March, 2024**

**About DGFASLI & Central Labour Institute-Mumbai**

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well-being of the persons at work places.

Central Labour Institute, Mumbai is one of the oldest institutes in India under DGFASLI, Govt. of India, for teaching, training and consultancy in the field of occupational safety and health.

**Background**

Physical agents like noise and vibration etc are emitted at the Workplaces from certain industrial operations. These agents may Adversely affect the health of the workmen on repeat & prolonged Exposure which can give rise to Physical Hazards exposed on noisy operations are likely to develop Noise Induced Hearing Losses which is one of the notifiable disease under Section 89 of the Factories Act 1948. Similar provisions are laid down for controlling the effects of other Noise and vibration .It is expected from the industrial management to provide adequate arrangements for their evaluation and control. Therefore, Work Environment Engineering Division of Central Labour Institute, DGFASLI, Mumbai is providing offline training platform for Intended participants to learn the evaluation and management of Noise and vibration hazards in industries.
