One day training programme on SAFETY IN EXCAVATION & TUNNELLING 23rd February 2024 @ CLI Mumbai

About DGFASLI

DGFASLI (Directorate General Factory Advice and Labour Institutes) is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories, docks and building and other contractions work. It also advises factories on various problems concerning safety, health, efficiency and well - being of the persons at workplaces.

Objective

The training programme is intended to provide the necessary important technical inputs to the participants who are required to ensure safety and health of the workers engaged in construction sites. In the light of Uttarkashi tunnel collapse, which gained international attention, it was necessary to enhance awareness and understanding among industry professionals regarding critical safety protocols and best practices prevailing in excavation and tunnelling operations. The program aims to address potential hazards associated with such activities, provide insights into the latest safety technologies and methodologies, and foster a culture of proactive risk management to prevent accidents and ensure the well-being of workers involved in tunneling and excavation projects.

Topics covered:

- Geotechnical considerations
- Technological Advancements
- Regulations and compliance
- Indian Standard 3764: 1992 & Indian Standard 4756: 1978
- Best Practices in Excavation and Tunneling
- Emergency rescue and evacuation
- Case studies

Who Should Attend the training?

- ❖ Officers of the State Directorate of Industrial Safety and Health
- ❖ BoCW Inspectors from CLC(C)
- ❖ Safety, Health & Hygiene Professionals
- ❖ Safety Supervisors, Inspectors & Competent Persons
- ❖ Construction industries representatives
