**About DGFASLI and RLI Faridabad**

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. Regional Labour Institute (RLI) at Faridabad is a subordinate office under the DGFASLI and caters to occupational safety and health in factories.

**Background & Programme Preamble**

Tools are such a common part of our lives and it is difficult to remember that they may pose hazards. Tragically, a serious incident can occur before steps are taken to identify and avoid or eliminate tool-related hazards.

This program is designed to present to employees and employers a summary of the hazards, basic safety procedures & safeguards associated with hand and power tools. Employees should be trained in the proper use of all tools and recognize the hazards associated with the different types of tools and their associated necessary safety precautions.

By establishing a program on hazards & safety associated to hand and power tools, you can help avoid injuries to your workers, costly damages, and potential fines to your business.

**Programme Highlights**

- Introduction to National Policy on Occupational Safety & Health
- Hazard and Safety procedures/precautions for Hand tools
- Hazard and Safety procedures/precautions for Power tools
- Visit to SHE Centre
