Training Program on
“Management of Heatstress and
Ventilation In Industries
(29th to 31st. Oct.2024)

DGFASLI & CLI MUMBAI

The Directorate General Factory Advice Service and Labour Institutes (DGFASLI), Mumbai is an attached office of the Ministry of Labour and Employment, Government of India to serve as a technical arm to assist the Ministry in formulating National Policies on Occupational Safety and Health and to advise the State Governments and Factories on matters concerning Safety, Health, Efficiency and well being of persons at work. It also enforces safety and health statutes in major Ports of the country.

The Central Labour Institute, Mumbai, one of the Oldest Institutes of DGFASLI, has been rendering technical assistance and services in the field of Occupational Health, Safety and Environment. CLI Mumbai also organizes training programs, conduct courses on OSH.

ABOUT THE PROGRAM

Excessive exposure to a hot environment can bring about a variety of heat-related health problems and illnesses. The employer and employee should recognize safety and health hazards of working in high heat, factors that increase the risk, and signs and symptoms of heat-related illness. First aid and preventive measures will decrease the morbidity and mortality due it. It is expected from the industrial management to provide adequate arrangements for their evaluation and control. Therefore Work Environment Engineering division of Central Labour Institute ,Mumbai is conducting three days offline training programme .The objective of the training program is to create awareness among the participants about the Heat stress Hazards and its evaluation at workplaces in Industries.

OBJECTIVE

The objective of this program is to make aware participants over theoretical and practical aspects on evaluation and control of Heat stress hazards, its applications as tool in OSHE management and Hazard assessment at industrial workplace.
