About DGFASLI

We are the DGFASLI an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational health and safety in factories and docks. It also advises factories on various problems concerning health, safety and environment efficiency and well - being of the persons at work places.

Background

Occupational health is not merely a science, which deals with work related disorders / diseases, which affect the community within it. Needless to say, therefore, that in this fast developing industrial scenario, the role of doctors has become very demanding and those who are unable to maintain the pace with such development will be left behind. This needs a regular updating of the information on occupational health so that knowledge and skills of doctors are appropriately strengthened for better occupational health management of workers. This training course is tailor-made for the purpose. Medical officers/Doctors from factories, ports, mines, construction sites, hospitals, medical officers of enforcement agencies and other medical professionals engaged in health care of the community in general will be benefited most by this course. On completion of the course, it is expected that medical officers shall be able to develop the appropriate strategies for the occupational health protection of the workers, prevention of occupational diseases and better compliance of rules.

Therefore, Central Labour Institute, DGFASLI, Mumbai is providing online training platform for Intended participants to learn from their own place using mobile phone/ laptop/ desktop (with webcam, microphone & speaker) in view of COVID-19 pandemic situation/preventive measures.
