About DGFASLI

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well - being of the persons at work places.

Background

Industrialization has brought within its wake several problems. One such is industrial accidents. With rapid advances in industrial processes, newer types of dangers to life, limb and health are increasingly introduced. In order to protect the safety & health of the employees, it is necessary that the organizations implement safety management system and integrates it into everyday processes throughout the organization. A safety management system is a continuous improvement process that will help the organization in reducing hazards and preventing accidents.

The adoption and implementation of safety management system can help significant impact on safety and health of workers and at the same time help organization in improvising their performance and profitability. In this context effective safety management plays a vital role to enhance overall safety performance of industry, construction sites and ports.

Therefore, Central Labour Institute, DGFASLI Mumbai is providing online training platform for Intended participants to learn from their own place using mobile phone/laptop/desktop (with webcam, microphone & speaker) in view of COVID-19 pandemic situation/preventive measures.
