**Half-day Online Training Programme on
Fundamentals of Occupational Health and Occupational Lung Diseases
10th November, 2020 (10 00 – 13 00hrs)**

About DGFASLI & Regional Labour Institute, Kanpur

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well - being of the persons at work places. Regional Labour Institute, Kanpur is one of the oldest institutes in India under DGFASLI, Govt. of India, for teaching, training and consultancy in the field of occupational safety and health. It has been functioning since 1963.

Background

No worker should sacrifice his or her life for livelihood. Occupational health, hygiene and safety practices in the industries are of utmost importance for sustainable development. The non-medical executives, who are working their best for industrial growth, should be trained and skilled enough to protect themselves and fellow workers from different kind of occupational hazards and emergencies. So, a basic level understanding of occupational health, hygiene and safety practices and first aid procedures should be there among the non-medical executives in any industry irrespective of type of industry and job profile.

Therefore, Regional Labour Institute, Kanpur under DGFASLI Mumbai is providing online training platform for Intended participants to learn from their own place using mobile phone/laptop/desktop (with webcam, microphone & speaker) in view of COVID-19 pandemic situation/preventive measures.

Programme Highlights

The programme aims at imparting knowledge and skill on fundamental understanding of occupational health and basic first aid procedures in industries. Participants will be able to understand

- Importance of Occupational Health for sustainable development
- Identification and Prevention of occupational health problems
- Occupational Lung Diseases: Asbestosis, Silicosis, Asthma

Participants

This programme is designed primarily for non-medical executives/personnel working in any industry or port. Only 50 participants will be accepted on 'first come first serve basis' to ensure quality learning.

Nomination and Registration

Intended participants can express their interest by sending email to the course coordinator mentioning Name, Age, Gender, Highest Educational Qualification, Designation and Organization.
