

DIRECTORATE GENERAL FACTORY ADVICE SERVICE AND LABOUR INSTITUTES

Ministry of Labour and Employment, Government of India

Half a day Online Training Programme on Safety in the use of Cranes, Lifting Appliances/Tackles in Industries 16th December, 2020 (10.00 - 13.00 hrs)

About DGFASLI & RLI Kanpur

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well - being of the persons at work places. Regional Labour Institute, Kanpur is one of the oldest institutes in India under DGFASLI, Govt. of India, for teaching, training and consultancy in the field of occupational safety and health. It has been functioning since 1963.

Background

No worker should sacrifice his or her life for livelihood. Industrial activities are associated with a wide variety of efforts and programmes that run with a system. Lifting operation is an integral part of many industries. Every lift carries a set of risks that needs to be managed in order to prevent an accident from occurring. Unsafe lifting operations can result in catastrophic outcomes involving multiple fatalities and serious injuries as well as extensive damage to properties and facilities. There are many factors man, machine, material, environment and method/procedures to be adopted that can affect the and it is important that personnel involved in lifting operations are aware of such factors. Therefore, Regional Labour Institute, Kanpur under DGFASLI Mumbai is providing online training platform for Intended participants to learn from their own place using mobile phone/laptop/desktop (with webcam, microphone & speaker) in view of COVID-19 pandemic situation/preventive measures.

Programme Highlights

The programme aims at imparting knowledge/ guidelines for selecting appropriate lifting equipment for the job and its integrity, competency, roles and responsibilities of personnel involved & planning and procedures to be adopted in the lifting operation. Participants will be able to understand

- ❖ Safety in the use of Lifting appliances/tackles.
- ❖ Salient features of Factories Act related with lifting appliances and Testing & examination of LA/Tackles. safety & Health problems and
- ❖ Methodology ie How to conduct safety audit in industries
