Ministry of Labour and Employment, Government of India

Half a day Online Training Programme on “Evaluation & Control of Industrial Vibration” 8th January, 2021 (10.00 - 13.00 hrs)

About DGFASLI

We are the DGFASLI an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well - being of the persons at work places.

Background

Vibration results in the mechanical shaking of the body or parts of the body. Whole-body vibration and segmental vibration originate from mechanical motion which can be transmitted directly to the body or body part. Research indicates that whole-body vibration increases the physiological activity of the heart, respiration and reducing ability to perform complex tasks. Therefore, Central Labour Institute, DGFASLI Mumbai is providing online training platform for Intended participants to learn from their own place using mobile phone/laptop/desktop (with webcam, microphone & speaker) in view of Covid-19 pandemic situation/preventive measures.
