About DGFASLI

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well - being of the persons at work places.

The Regional Labour Institute, Chennai, one of the Sub-ordinate Offices of DGFASLI, has been rendering technical assistance and services in the field of Occupational Health, Safety and Environment in the Southern Region. RLI Chennai also organizes training programs, conduct courses on OSH.

Background

Cranes are amongst of the most dangerous equipment used in both the industry and construction sites. Despite the risk awareness, incidents in crane's operations have not substantially decreased; most of them arise from improper load handlings, poor visibility in moving loads, etc. A tipped, dropped or mishandled load can directly injure workers or potentially upset the equipment.

Confined space work is a high-risk activity, posing a significant hazard for both workers and rescuers involved in the emergency response. The leading cause of accidents and fatalities in confined spaces is atmospheric condition. Further common causes are fire, explosion and ignition of flammable contaminants, spontaneous combustion and contact with temperature extremes.

Therefore, Regional Labour Institute, Chennai is providing online training platform for Intended participants to learn from their own place using mobile phone/laptop/desktop (with webcam, microphone & speaker) in view of COVID-19 pandemic situation/preventive measures.
