OCCUPATIONAL LUNG DISEASES AND ITS PREVENTIVE MEASURES.” For all the
employees (Officers, staffs and workers) involved/engaged in Industrial sectors.**

6th December 2021 (14.30 - 17.30 hrs).

About DGFASLI

We are the DGFASLI an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well-being of the persons at work places.

Background

The basic objective of any occupational health programme is to reduce the incidence, severity and cost of occupational accidents, injuries, and illnesses. Occupational health brings together many sciences and many social disciplines in order to achieve social progress for workers and their families. The field recognizes a social right to work in a safe workplace where due care is given to prevent injury and illness and to protect the health of workers from death, injury and disability, thereby also protecting their families and those who depend on them against loss of income and social support

Therefore, Regional Labour Institute, Kolkata, DGFASLI is providing online training platform for Intended participants to learn from their own place using mobile phone/laptop/desktop (with webcam, microphone & speaker) in view of COVID-19 pandemic situation/preventive measures.

Programme Highlights

The training programme will cover through online mode and cover the topics of Challenges of occupational health in the new millennium in Every industries specially chemical hazards as dust causing occupational lung diseases and its preventive measures, health issues involved in occupational health practice in these industries,
