About DGFASLI & RLI, Faridabad

We are the DGFASLI an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. Background

Managing process safety means understanding the many factors that contribute to risk and establishing appropriate measures for risk mitigation. LOPA is a quantitative screening tool which provides a consistent, objective, and defensible approach.
