

DIRECTORATE GENERAL FACTORY ADVICE SERVICE AND LABOUR INSTITUTES

Ministry of Labour and Employment, Government of India

**Half a day Online Training Programme on
“GASES & VAPOURS EXPOSURE IN INDUSTRY–
PREVENTION AND PROTECTION”
13th DECEMBER, 2021 (14.30 – 17.30 hrs)**

About DGFASLI

We are the DGFASLI an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well-being of the persons at work places.

Background

Industrial Hygiene is an essential component of the Occupational Health Programme as well as Industrial Safety. Gases & vapours exposure in an industry and construction site etc. continues to be a major risk to the health of workers. The risk to health of the worker varies depending on the concentration, toxicity etc. of the gases & vapours. Whenever people inhale airborne gases & vapours at work, they may be at risk of occupational disease. Prevention and protection strategy involves recognition of the nature, mechanism of generation & release, evaluation of airborne concentration and control measures for gases & vapours.

Therefore, Central Labour Institute, DGFASLI Mumbai is providing online training platform for Intended participants to learn from their own place using mobile phone/laptop/desktop (with webcam, microphone & speaker) in view of COVID-19 pandemic situation/preventive measures.

Programme Highlights

- Gases & vapours exposure -Industrial Hygiene Aspect
- Gases & vapours exposure – legal provision
- Control measures - Gases & vapours exposure
