HALF A DAY TRAINING PROGRAMME ON SAFETY WITH EOT CRANES AND LIFTS TACKLES 28th December, 2021 (14.30 – 17.30 Hrs)

About DGFASLI & RLI, Faridabad

We are the DGFASLI an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. The Regional Labour Institute at Faridabad is a subordinate office under the DGFASLI and caters to occupational safety and health in factories in the northern part of the country.

Background

Handling and storing materials involve diverse operations such as hoisting tons of steel with a crane. EOT (Electric Overhead Traveling) Cranes and Hoist are industrial machines that are mainly used for materials movements in construction sites, production halls, assembly lines, storage areas, power stations, and similar places. A properly maintained crane in the hands of a trained operator helps create a safer and more productive work environment.

Programme Preamble

This program intends to benefit the safety professionals working in industries to understand the hazards of EOT cranes and ways to identify and control them.

Programme Highlights

- General crane hazards
- Operational safety with EOT cranes
- Standards and Case studies
