DIRECTORATE GENERAL FACTORY ADVICE SERVICE AND LABOUR INSTITUTES

Ministry of Labour and Employment, Government of India

HALF A DAY ONLINE TRAINING PROGRAMME ON “PREVENTION & CONTROL OF OCCUPATIONAL DISEASES AT WORKPLACE” 31st December, 2021 (14:30 – 17:30 Hrs)

About DGFASLI

We are the DGFASLI an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational health and safety in factories and docks. It also advises factories on various problems concerning health, safety and environment efficiency and well - being of the persons at work places.

Background

Chronic disease is the leading cause of death worldwide. Diseases including heart disease, stroke, cancer, diabetes and chronic lung disease, are collectively responsible for almost 70% of all deaths worldwide.

The rise of Chronic Diseases has been driven by primarily four major risk factors: tobacco use, physical inactivity, the harmful use of alcohol and unhealthy diets.

The work environment, encompassing the physical, psychosocial, and organizational environments, directly shapes employee health, safety, and health behaviors

Programme Highlights

Worksites provide a venue to address multiple individual risk factors and risk conditions through worksite health promotion aimed at changes in individual behaviors, worksite health protection including occupational safety and health interventions. Employers are recognizing the importance of work-life policies

Participants will be explained about:

- ❖ Common Chronic Diseases at Workplace
- ❖ Common risk factors
- ❖ Workplace interventions for prevention & control
