

# DIRECTORATE GENERAL FACTORY ADVICE SERVICE AND LABOUR INSTITUTES

Ministry of Labour and Employment, Government of India

## Half a day Online Training Programme on

**“Safe use of Lifting Appliances & Loose Gears at Construction Sites”**

**31<sup>st</sup> January, 2022 (14.30 - 17.30 hrs)**

### About DGFASLI

We are the DGFASLI an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well - being of the persons at work places.

The Regional Labour Institute ,Chennai one of the subordinate offices of DGFASLI, has been rendering technical assistance and services in the field of Occupational Health Safety and Environmental in the Southern Region. RLI Chennai also organizes training programs, conduct courses on OSH.

### Background

All Construction Sites use some kind of Lifting Appliances (LA) and Loose Gears (LG) for Material Handling. Though the use of LA & LG is an important element, sometimes faulty selection, inadequate strength, patent defects, poor operating practices, etc. may cause serious accidents resulting in injury, fatalities, damage to plant and equipment or other facilities. To prevent such unwarranted events, it is pertinent that users of these equipments are familiar with the various requirements relating to the design, construction, testing and examination, maintenance and safe operation of the equipment. These equipments are also required to be periodically examined and tested as per the provisions under BOCW Act 1996.

In consideration of the above, this Institute is providing online training platform for Intended participants to learn from their own place using mobile phone/laptop/desktop (with webcam, microphone & speaker) in view of Covid 19 pandemic situation/preventive measures.

### Programme Highlights

- Over view on Material Handling at Construction Site
- Use, Care, Maintenance & Testing and Examination of Lifting appliances & Loose Gears.
