“Industrial Safety Management”
28th January, 2022 (14.30 - 17.30 hrs)**

About DGFASLI

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well-being of the persons at work places.

Background

Industrial Safety Management is a full-time exercise for ensuring safety and health at workplaces. With the advent of new technologies and technical disruptions the workplace challenges have changed manifold. To make workplaces safer and healthier it is important to identify, assess, and control the hazards at the earliest and hence a continuous endeavor is required. The effective industrial safety management system prevents injuries, process failures, and improves the productivity, quality and long-term profitability of the companies.

While ensuring industrial safety and health, the key components usually include hazard identification, associated risk assessment, periodic inspection, timely and correct incident reporting, need-based training, SOPs, Work permit system, performance measuring tools and most of all commitment from the top management.

Therefore, Central Labour Institute, DGFASLI Mumbai is providing online training on “**Industrial Safety Management for Accident prevention**” for intended participants to learn from their own place using mobile phone/laptop/desktop (with webcam, microphone & speaker) in view of COVID-19 pandemic situation/preventive measures.
