### About DGFASLI & Regional Labour Institute, Kanpur

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well - being of the persons at work places. Regional Labour Institute, Kanpur is one of the oldest institutes in India under DGFASLI, Govt. of India, for teaching, training and consultancy in the field of occupational safety and health. It has been functioning since 1963.

### Background

A chief safety objective of every industry is to achieve zero accident. Since safety in the organization cannot be less than 100%; the participation of employees from every plant in safety also has to be not less than 100%, that is what Behavior Based Safety (BBS) is all about. The above objective can be accomplished if we train every workman / employee of an organization on the concept and process of BBS. As we all are aware about natural phenomena of gravity, which helps things to percolate very fast from top to bottom, we need to sensitize or promote the concept of BBS among the Head of Departments and front-line – managers. In this context the introductory programme on “Behavior Based Safety (BBS)” will definitely help the management to promote the concept of BBS in their industry.

Therefore, Regional Labour Institute, Kanpur under DGFASLI Mumbai is providing online training platform for Intended participants to learn from their own place using mobile phone/laptop/desktop (with webcam, microphone & speaker) in view of COVID-19 pandemic situation/preventive measures.
