HALF A DAY TRAINING PROGRAMME ON Dow Fire and Explosion Index(F&EI) MAY 2022 (10.00 - 13.00 Hrs)

About DGFASLI

We are the DGFASLI an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It is also advises factories on various problems concerning safety health, efficiency and well-being of the persons at work places.

Background

The method for ranking the relative fire and explosion risk associated with a process is very well accepted in domain of industrial safety. Analysts calculate various hazard and explosion indexes using material characteristics and process data which enhance the coping capacity of safety professional in understanding importance of chemical and fire explosion.

Programme Preamble

This programme is designed to help the user quantify the expected damage of potential fire and explosion incidents in realistic terms, identify the equipment likely to contribute to the creation or escalation of an incident, and communicate the fire and explosion risk potential to management. Based on Dow's Fire and Explosion Risk Analysis Program, the index provides a step-by-step, objective evaluation as well as reactivity potential of process equipment and its contents.

TOPICS

1. Safety improvement efforts relating to important parameters used in the F&EI calculation
2. Identifying areas for more detailed hazard evaluation or risk analysis study
