

DIRECTORATE GENERAL FACTORY ADVICE SERVICE AND LABOUR INSTITUTES

Ministry of Labour and Employment, Government of India

**Half-day Online Training Programme on
“Safety in Storage, Handling, Transportation and Management of hazardous chemicals in factories
and ports” on 27th May, 2022 (14.30hrs - 17.30 hrs)**

About DGFASLI

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health (OSH) in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well-being of the persons at workplaces.

Background

Hazards are increasing in Chemical industries due to complex processes, increasing number of chemicals, plants, equipments and subsequently risks of major accidents and health hazards from the chemical processes/ storage are also increasing. Moreover amendments to the Factories Act 1948 and enactment of the Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules 1989 and CIMAH Rules have placed specific responsibilities on management for proper handling and storage of Hazardous chemicals. It is imperative that all concerned should be fully aware of the hazards associated with process industries along with the control measures that need to be adopted.

Therefore Central Labour Institute, DGFASLI, Mumbai is providing online training platform for interested participants to learn from their own place using mobile phone/laptop/desktop (with webcam, microphone & speaker) in view of the Covid 19 pandemic situation/preventive measures.

Programme Highlights

- ❖ Statutory provisions related to handling storage and transportation of hazardous chemicals
- ❖ Hazard Identification and Risk Assessment including OSH Audit
