

DIRECTORATE GENERAL FACTORY ADVISE SERVICE AND LABOUR INSTITUTES

Ministry of Labour and Employment, Government of India

Half a day Online Training Program on “Anticipation, Assessment and Control of Health Hazard in Chemical Industries” 25th April, 2022 (10.00 - 13.00 hrs)

DGFASLI & RLI Chennai

Directorate General of Factory Advise Service & Labour Institute is an attached office of the Ministry of Labour & Employment, Government of India. This office serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well-being of the persons at work places.

The Regional Labour Institute, Chennai, one of the Sub-ordinate Offices of DGFASLI, has been rendering technical assistance and services in the field of Occupational Health, Safety and Environment in the Southern Region. RLI Chennai also organizes training programs, conduct courses on OSH.

Background

Health hazard due to exposure of chemicals at occupation lead to variety of acute and chronic illnesses. It is obligatory to the management of the Industries to monitor and control the airborne concentration of certain chemicals in workplaces and concentrations of those airborne chemicals shall be of the values given in the schedule-II framed under section 41F of The Factories Act (1948). Anticipation, recognition, assessment and control of chemical hazards in chemical industries is very essential to avoid occupational diseases. Objective of this program is to highlight chemical exposure and its control to maintain safe workplace.

Programme Highlights

- Industrial Hygiene and overview health hazard
- Statutory guidelines.
- Control of health hazard
