

DIRECTORATE GENERAL FACTORY ADVICE SERVICE AND LABOUR INSTITUTES

Ministry of Labour and Employment, Government of India

Half-day Online Training Programme on “Safety in Work at Height”

29th April, 2022 (10 00 – 13 00hrs)

About DGFASLI & Regional Labour Institute, Kanpur

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well - being of the persons at work places. Regional Labour Institute, Kanpur is one of the oldest institutes in India under DGFASLI, Govt. of India, for teaching, training and consultancy in the field of occupational safety and health. It has been functioning since 1963.

Background

Construction industry is second most labour intensive industry after agriculture industry in our country. These industries have its own characteristics, such as high illiteracy rate, high migration rate, untrained work force, etc. Most of the accidents (specifically serious and fatal accidents) in construction industries are taking place due to fall of a person from a height. This is most vulnerable area as far as construction operations are concerned. To improve the situation, the safety awareness and training and re-training are very much essential for the workforce as well as high level officials of construction industries. Further, it is also necessary for the managers, Engineers and supervisors to understand the statutory provisions under BOCW Act & Central Rules for better compliance with legislative requirement.

Therefore, Regional Labour Institute, Kanpur under DGFASLI Mumbai is providing online training platform for Intended participants to learn from their own place using mobile phone/laptop/desktop (with webcam, microphone & speaker) in view of COVID-19 pandemic situation/preventive measures.

Programme Highlights

Participants will be able to understand

1. An overview of Construction Industry, various operations pertaining to working at height.
2. Different types of scaffoldings and legal provisions pertaining to various working at height operations.
3. An overview of BOCW Act, 1996 & Central Rules, 1998.
