ADVANCED TRAINING PROGRAMME ON 'OCCUPATIONAL HEALTH FOR FACTORY MEDICAL OFFICERS' 12th TO 16th SEPTEMBER, 2022 (TIME- 10 00 – 17 00 HRS) CENTRAL LABOUR INSTITUTE, MUMBAI

About DGFASLI & Central Labour Institute, Mumbai

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well - being of the employees at work places. Central Labour Institute, Mumbai is one of the oldest institutes in India under DGFASLI, Govt. of India, for teaching, training and consultancy in the field of occupational safety and health.

Background

Occupational health is not merely a science, which deals with work related disorders/diseases, but has developed to encompass all the factors, which affects the community within it, Needless to say therefore, that in this fast developing industrial scenario, the role of doctors has become very demanding and those who are unable to maintain the pace with such development will be left behind. This needs a regular updating of the information on occupational health so that knowledge and skill of doctors are appropriately strengthened for better occupational health Management of workers. This Advance Training course is tailor-made for the purpose. Factory Medical Officer, Medical Officers of enforcement agencies and other Medical professionals engaged in health care of the community in general and industrial workers in particular will be benefited most by this course. On completion of course, it is expected that Medical Officers shall be able to develop the appropriate strategies for the occupational Health protection of the workers, prevention of occupational diseases and better compliance of rules, Therefore, Central Labour Institute, Mumbai is providing a training platform for intended participants.
