TRAINING PROGRAMME ON
EXCAVATION SAFETY FOR CONSTRUCTION SUPERVISORS
21.06.2023 – 23.06.2023

About DGFASLI & RLI, Faridabad

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. The Regional Labour Institute at Faridabad is a subordinate office under the DGFASLI and undertakes training programs, professional programs, consultancy audits, surveys and studies for promotion of occupational safety and health in factories in the northern part of the country.

Background

Construction sites can be hazardous places to work, with numerous potential hazards and risks present. This training program will provide construction supervisors with the knowledge and skills needed to identify, evaluate, and control excavation hazards, ensuring the safety of their workers and compliance with applicable standards and regulations. The safety provisions related to equipment and machinery safety involved in excavation works during construction activity.

Programme Preamble

This program intends to benefit the safety officers / safety professionals / supervisors working at construction sites / construction related works inside factory premises in managing risks at ALARP levels.

Programme Highlights

- Overview of excavation work and hazards
- Types of excavation work and associated risks
- Applicable standards and regulations related to excavation safety
- Excavation safety checklist and hazard assessment
- Trench safety and shoring techniques
- Equipment and machinery safety for excavation work

Participants

This training is being organized for safety professionals engaged in factories/ construction. The number of participants to be enrolled for this course will be up to 30 only on first come first serve basis.
