About DGFASLI

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health (OSH) in factories and docks. It also advises factories on various issues concerning safety, health, efficiency and well - being of the persons at workplaces.

Background

Workplace hazards have a great potential to cause on-the-job injuries, illnesses, or even death at the workplace. One of the "root causes" of workplace injuries, illnesses, and incidents is the failure to identify or recognize occupational hazards that are present, or that could have been anticipated. Critical elements of any effective safety and health program are to identify and assess such hazards and control them to prevent mishaps. Therefore this three days training programme has been designed to impart knowledge to the intended participants on the management of workplace Hazards and their Control thereby making the safety management system in Industries effective in preventing the workplace injuries and illness.

Programme Highlights

- National Policy on Safety Health and Environment at work
- An overview and Principles of Industrial Safety Management
- Safety Communication for Injury / Accidents Prevention
- Structure and functions of Safety Committee
