About DGFASLI & RLI Faridabad

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. Regional Labour Institute (RLI) at Faridabad is a subordinate office under the DGFASLI and caters to occupational safety and health in factories.

Programme Preamble

This Training programme features a collaborative problem-based learning approach that provides an individual competence building experience through an overview and basic knowledge of safety in storage of hazardous material.

This course has been designed to help industries, manufactures for safe usage or storage of hazardous chemicals and understanding requirements to comply with national laws and regulations to ensure that these chemicals are managed safely and securely. This course will also be helpful in devising mitigation strategies to cater hazards related to dangerous chemicals.

Programme Highlights

- National Policy on Occupational Safety & Health
- Principles of storage of hazardous chemicals
- Identify and classify a hazardous chemical's class and type
- Procedures for responding to spills, emergencies, or injuries
- Material Safety Data Sheet
- Transportation of hazardous material
- Practical exercises and case-study

Participants

Training is suitable for line managers, operations and maintenance managers, technical, and maintenance engineers, supervisors, safety representatives – and anyone with the responsibility for investigating accidents related to hazardous materials, their storage and statutory requirements in industries.
