TRAINING PROGRAMME ON
SAFETY PROCEDURES FOR WORKING AT HEIGHT AT CONSTRUCTION SITES
11.09.2023 – 13.09.2023

About DGFASLI & RLI, Faridabad

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. The Regional Labour Institute at Faridabad is a subordinate office under the DGFASLI and undertakes training programs, professional programs, consultancy audits, surveys and studies for promotion of occupational safety and health in factories in the northern part of the country.

Background

Construction sites can be hazardous places to work, with numerous potential hazards and risks present. Ensuring the safety of workers and the public should be a top priority for everyone involved in a construction project. Safety Awareness for Construction Sites program has been designed to equip supervisors and managers with the knowledge and skills needed to identify and mitigate potential hazards on construction sites.

Programme Preamble

This program intends to benefit the safety officers / safety professionals / supervisors working at construction sites / construction related works inside factory premises in managing risks at ALARP levels.

Programme Highlights

- Understanding the hazards associated with working at heights.
- Legislation and regulations related to working at heights.
- Risk assessment and hazard identification.
- Proper use of ladders, scaffolds and platforms
- Safe work practices through Case Studies

Participants

This training is being organized for safety professionals engaged in factories/ construction. The number of participants to be enrolled for this course will be up to 30 only on first come first serve basis.
