TRAINING PROGRAM

Workshop on Behaviour Base Safety Culture and its implementation in Industries

(26th September 2023)

PROGRAMME PERSPECTIVE

Management of safety and health of workers in industries are vital to the well being of the society and progress of economy. Behaviour Based Safety is basically a program designed to influence unsafe actions of workers to achieve safer outcomes, ideally by preventing an accident or injury before it occurs. Implementing a behaviour based safety program is the most comprehensive way for companies to promote safety, eliminate hazards and prevent injuries. When implemented correctly, a behaviour based safety program can provide positive rewards to change unsafe behaviour, reduce job-related injuries, minimize lost production hours, and improve workplace morale.

This program intends to benefit the industry managements in factories, docks and construction sites in efficient management of safety and health at workplace through the implementation of behaviour based safety program.
