About DGFASLI & Regional Labour Institute, Kanpur

DGFASLI is an attached office of the Ministry of Labour & Employment, Government of India and serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well - being of the persons at work places. Regional Labour Institute, Kanpur is one of the oldest institutes in India under DGFASLI, Govt. of India, for teaching, training and consultancy in the field of occupational safety and health. It has been functioning since 1963.

Background

Lifting & lowering are essential part of material handling in any industry, construction & port. Lifting equipment is used to lift and lower loads/materials at work place and it include different types of cranes, forklifts, trucks and lifts. Many accident/incidents occur due to unsafe use of lifting equipments and failure of lifting equipment. Falling loads can lead to disastrous accidents, causing injury or fatality and loss of work time and property.

Therefore, manpower, lifting equipments, accessories, loads, methods and the work environment, are all important factors for safe lifting and improving safety, efficiency, and productivity. In this context the above training programme on “Safe use of Lifting Equipments & Accessories will definitely help the participants to provide the necessary important technical input on operating principles and applicable rules and regulations related to lifting appliances & accessories to ensure safety of workers & machines/ equipment’s at the workplace,
