**3-Days Training Programme on  
“Effective Safety Communication  
and Commitment for improving  
Occupational Safety and Health in  
Chemical Factories at their work  
place.” from 4<sup>th</sup> - 6<sup>th</sup> December, 2023**

**INTRODUCTION**

The Factories Act, 1948 as amended in 1987 lays emphasis on self - regulating control by the management in providing measures for ensuring health and safety of workers/employees at work, the section 41(G) of the Factories Act advocates for promotion of participation of workers and management in maintaining safety and health at work place through constitution of Safety Committee. Studies on workers' participation in India have revealed that the goal of industrial democracy depends on the extent to which, are Safety Committee members co-operative, committed and have mutual trust. It calls for members to possess sound knowledge and skills for the effective functioning of the Committee. Along with that, members are required to develop competency to identify and solve the problems related to Safety, Health and Environment. The training programme is based on the objective that effective participation must be evolved at the shop or plant level where the members feel the need, and are able and willing to participate.
